I am so thankful to have had Jen as a Practicum student. She is patient, inquisitive, & has a deep passion for this profession. I can't wait to see where her career takes her as an art educator. I have truly enjoyed working with her & watching her grow & become more confident in her skills as an art educator.

13. Please comment on any concerns/suggestions/positive experiences relative to this teacher candidate.

I really have no concerns. Jen has worked so hard & possess many skills that most practicum students have not yet developed this early on in the path to being a teacher. I am confident she will make a great teacher! I hope her confidence in herself continues to grow.
